Tina River Hydropower Project

## Quick Facts

Countries	Solomon Islands
Specific Location	Malango Ward
Financial Institutions	Asian Development Bank (ADB)
Status	Proposed
Bank Risk Rating	A
Borrower	Government of Solomon Islands
Sectors	Hydropower
Investment Type(s)	Grant, Loan
Investment Amount (USD)	\$ 30.00 million
Loan Amount (USD)	\$ 18.00 million
Grant Amount (USD)	\$ 12.00 million

---

## Project Description

According to bank documents, "the project consists of a 53 meter high Roller Compacted Concrete dam in an uninhabited area of Malango Ward at an elevation of approximately 122 meters above sea level (masl) and roughly 30 river km from the sea. It also incorporates a 3.3 km tunnel to a powerhouse and a tailrace at elevation 73 masl. The reservoir formed by the dam will extend upstream approximately 2.6km and will have a surface area of about 0.28km at an elevation of 175 masl. The powerhouse will be located 5.4 kilometers downstream from the dam on the leftbank of the Tina River, and water will be diverted to the powerhouse from the reservoir through the underground tunnel. Initially, the powerhouse will have 3 turbine/generator units, each with a capacity of 5MW, allowing a maximum discharge of about 18m<sup>3</sup>/s and a minimum discharge of 2.4m<sup>3</sup>/s. An environmental flow of 1m<sup>3</sup>/s will be maintained between the dam and the powerhouse tailrace, a distance of 5.7km."

**Procurement** The SPC will engage an EPC contractor to construct the Tina River Hydropower Plant and access road under an EPC contract. The TRHPO will engage an owners engineer to supervise the EPC contract, and the SPC will engage a contractor to operate and maintain the plant and access road. Solomon Power will be responsible for procuring contractors to construct the transmission line. Drafts of the EPC and O&M contracts have been negotiated, but have yet to be finalized.

## ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
