Project Description

According to EBRD website, the project will be a non-sovereign loan of up to EUR 4.2 million to JSC "Manas International Airport", majority owned by the Government of Kyrgyzstan. Proceeds of the loan will be used to finance part of the rehabilitation programme of Bishkek Airport's infrastructure, namely the installation of a new ventilation/heating system, which will meet international standards.

It aims to address the growing demand for quality airport services in the Kyrgyz Republic, and include the installation of a ventilation/heating system which complies with international best practice and energy efficiency standards.

ACCOUNTABILITY MECHANISM OF EBRD

The Project Complaint Mechanism (PCM) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an European Bank for Reconstruction and Development (EBRD)-financed project. If you submit a complaint to the PCM, it may assess compliance with EBRD's own policies and procedures to prevent harm to the environment or communities or it may assist you in resolving the problem that led to the complaint through a dialogue with those implementing the project. Additionally, the PCM has the authority to recommend a project be suspended in the event that harm is imminent. You can contact the PCM at pcm@ebrd.com or you can submit a complaint online using an online form, http://www.ebrd.com/eform/pcm/complaint_form?language=en. You can learn more about the PCM and how to file a complaint at http://www.ebrd.com/work-with-us/project-finance/project-complaint-mechanism.html.
