Project Description

According to EIB website, the project is the construction of several segments of the S19 expressway between Lublin and Rzeszow in eastern Poland. It forms part of the broader north-south S19 expressway route in eastern Poland, eventually extending from the Belorussian border (Hrodna) to the Slovakian border (near Barwinek). It will facilitate the passage of long-distance traffic, including Warsaw-bound traffic originating from the Rzeszow region. The economic benefits expected include time savings and vehicle-operating-cost reductions for road users on the corridor due to enhanced road capacity. The project may also offer some safety and environmental benefits.

Subject to the conditions presented in the Environmental and Social Data Sheet (ESDS), the project is considered acceptable for EIB financing from an environmental and social point of view.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form>, via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
