IADB-BO-T1266

Support the MoH in the adecuation of the 2nd & 3rd level hospitals

Project Description

The project aims to support the Ministry of Health in implementing the National Standard Characterization Rule for hospitals of second and third level of complexity, particularly in hospitals financed by the Bank (BO-L1067, BO-L1078 and BO-L1082); and transfer technical know-how and qualified experience in the development of action plans oriented to hospital management modernization, that allows the accreditation most hospitals in the country.

Contact Information

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
