IADB-BR-G1004

Consolidation of National System of Conservation Units and Enhanced
Flora and Fauna Protection

Quick Facts

Countries	Brazil
Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	C
Borrower	Government of Brazil
Sectors	Climate and Environment
Investment Type(s)	Grant
Investment Amount (USD)	\$ 32.62 million
Project Cost (USD)	\$ 128.20 million

Project Description

The project aims to reduce the loss of biodiversity, especially in the Caatinga, Pampa and Pantanal biomes through expanding and consolidating the National System of Protected Areas (SNUC), enhancing the effective protection of endangered flora and fauna species and restoring selected degraded landscapes linked to core Protected Areas (PAs), thereby conserving globally significant ecosystems, increasing resilience to climate change disturbances and ensuring the provision of key environmental services that are important for national development and the well-being of local communities.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
