IADB-CO-T1412

Sustainable Management and Conservation of Biodiversity in the
Magdalena River B

Quick Facts

Countries	Colombia
Specific Location	Magdalena basin
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	C
Voting Date	2016-12-08
Borrower	Government of Colombia
Sectors	Water and Sanitation
Investment Type(s)	Grant
Investment Amount (USD)	\$ 6.36 million
Project Cost (USD)	\$ 25.00 million

Project Description

The project aims to improve the biodiversity conservation of the freshwater ecosystems in the Magdalena basin, by declaring conservation areas and improving their management.

Investment Description

- Inter-American Development Bank (IADB)

Contact Information

For more information about this project, contact: Michael Collins, IADB GEF Coordinator - michaelc@iadb.org

ACCOUNTABILITY MECHANISM OF IDB/ IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
