### Project Description

According to the Inter-American Development Bank Invest (IDB Invest), formerly the Inter-American Investment Corporation (IIC), the objective of the project is to increase access to finance, and in particular to mezzanine products, for medium-sized Mexican companies with growth potential. To that end, Mezzanine Mexico Uno, S.A.P.I. de C.V. SOFOM, ENR ("MMU") will provide mezzanine finance to companies that are seeking new or different financing options from those traditionally offered in the local financial market, to support medium and long-term growth opportunities and improve productivity.

## Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

### ACCOUNTABILITY MECHANISM OF IIC

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
