East Africa Trade and Transport Facilitation Project

Quick Facts

Countries	Kenya, Rwanda, Tanzania, Uganda
Financial Institutions	World Bank (WB)
Status	Canceled
Bank Risk Rating	A
Voting Date	2006-01-24
Borrower	Governments of Kenya, Rwanda, Tanzania and Uganda
Sectors	Industry and Trade, Technical Cooperation, Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 199.02 million
Project Cost (USD)	\$ 199.02 million

Project Description

The objective of the Additional Financing for the East Africa Trade and Transport Facilitation Program Project for Africa is to improve efficiency and reliability of transport and logistics services along the key corridors. The additional financing is requested to help bridge the financing gap resulting from net scale up of activities as part of the project restructuring and anticipated cost overruns, due mainly to inflation since the project was appraised in 2005. The cost has arisen as a result of three-fold increase in the number of project affected households to be resettled in Kibera and Mukuru in Kenya, whose number has risen from 3,500 in 2005 when the Resettlement Action Plan (RAP) was first prepared to 10,006 in 2010. The delay in RAP implementation was mainly due to post-election violence and conflicts, and the need to include a wider 'protection' or safety zone in light of high density occupation along the railway tracks. The updated RAP was disclosed in January 2011. In addition, the restructured activities and the projected higher cost of civil works and installations contracts apply to all four participating countries.

The affected contracts involve the implementation of:

1. resettlement and safety infrastructure covered in the RAP in Kenya;
2. One Stop Border Posts (OSBP), in three countries;
3. port Integrated Security Systems (ISSs), Kenya and Tanzania;
4. weighbridges, Kenya and Tanzania;
5. Electronic Cargo Tracking (ECT), Uganda and Rwanda; and
6. railway Internal Container Depot (ICD), Uganda.

This project is part of the Programme for Infrastructure Development In Africa (PIDA)

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
