Project Description

According to World Bank website, the development objective of the Second Gansu Cultural and Natural Heritage Protection and Development Project for China is to conserve cultural and natural heritage, enhance tourism services and improve community services in selected project sites in Gansu Province. The three project components described below blend investments in sites and communities with capacity building:

Component 1. Heritage conservation and tourism services improvement will support carrying out site conservation and protection activities, construction, upgrading and/or rehabilitation of basic infrastructure and services facilities.

Component 2. Community basic services delivery will support construction, upgrading and/or rehabilitation of basic infrastructure, and provision of basic services to the communities in the Project Sites.

Component 3. Capacity building, institutional strengthening, and project management support.

ACCOUNTABILITY MECHANISM OF WORLD BANK

The World Bank Inspection Panel is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by a World Bank-financed project. If you submit a complaint to the Inspection Panel, they may investigate to assess whether the World Bank is following its own policies and procedures for preventing harm to people or the environment. You can contact the Inspection Panel or submit a complaint by emailing ipanel@worldbank.org. You can learn more about the Inspection Panel and how to file a complaint at: <http://ewebapps.worldbank.org/apps/ip/Pages/Home.aspx>.
